Technical Communication: Process and Product (9th Edition)

Sharon Gerson, Steven Gerson

Technical Communication: Process and Product (9th Edition) Sharon Gerson, Steven Gerson

For courses in Technical Communication.

A focus on oral and written correspondence in all fields

Reader-friendly *Technical Communication: Process and Product* shows students how to produce all forms of written and oral technical communication with easy-to-follow instructions. Interesting scenarios and examples featuring real people on the job relate text material to potential careers for students.

The **Ninth Edition builds upon the authors' proven methodology**, emphasizes the writing process, and shows students how it applies to both written and oral communication. By showcasing real employees in communication scenarios across a wide range of disciplines – from engineering, to consulting, banking, construction, and biotechnology – the authors showcase the importance of strong communication skills within every field.

Also available with MyWritingLab™

MyWritingLab is an online homework, tutorial, and assessment program designed to work with this text to engage readers and improve results. Within its structured environment, readers practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. In addition to the full eText, activities directly from the text are available within MyWritingLab. These include the written assignments, readings from the text, review exercises and more.
